Skills

Attention to Detail	I pay close attention to the details and quality of my work in addition to keeping up with the nuances of interpersonal interactions.
Platforms	I am familiar with and have used apps like Google Docs, Microsoft Word, Zoom, LINE, Telegram, Discord, WhatsApp, and WeChat before.
Student Experience	Years of rigorous academic studies in Honor, AP, and university classes have taught me what students should expect from a teacher.
Informal Teaching Experience	I have tutored friends and family members in a variety of different subjects ranging from math, English language arts, history, to biology, chemistry, and Spanish before.
Technology	Having grown up around computers, I know the insides and outsides of one. I am not afraid to manage cables or use the tools that are available to me.
AI Flexibility	I understand the pros and cons of using AI, and I know how to use AI as a supplement for lessons.
Spanish Biliteracy	I qualified for the California Seal of Biliteracy after taking four years of high school Spanish and passing my Spanish Language and Culture AP Exam.
Learning Japanese	I am currently self-learning Japanese, so I am familiar with the difficulties of learning a new language but also the process to gradually understand one.
